

March 21, 2018

Dear Camp GROW supporters,

The Board of Green River Outreach for Wilderness has determined that it will not be feasible to operate Camp GROW during the summer of 2018. With the recent resignation of our Camp Director, there is simply not enough time to organize the quality experience our campers have come to enjoy and appreciate. We sincerely apologize for any inconvenience this decision may have on your summer plans. And we are all very sad for the children who have come to look forward to attending this wonderful camp with us.

Suspension of 2018 operations does not necessarily mark the end of Camp GROW. We will take this time to regroup and consider the value as well as the vitality of our mission. Commencing in 2009, Camp GROW has been an amazingly positive influence in the lives of so many children and it is very difficult to imagine any better use of Mountain Springs Ranch. The camp is financially sound at this time and we must determine what steps will be necessary to take our mission to the next level. We plan to contact those of you we've come to know well. Please don't hesitate to get in touch with us if you have any questions, ideas or encouragement. Thank you!

Sincerely,
Green River Outreach for Wilderness Foundation

DeWitt A. Morris, Board President
Katherine H. Morris, Secretary / Treasurer (Camp Mom!)
